

# CICLOS

## CABERNET SAUVIGNON

### ORIGIN:

Calchaquí Valley, Argentina

### TERROIR:

Deep, poor, rocky soils. Irrigation from the Andes. Wide thermal amplitude with big differences (approximately 22° C between the minimum during the cold mornings and nights, and the maximum during sunny days). Dry climate, little rainfall, 120mm of rain a year, 15% humidity and 300 days of sunshine. Cold mornings and nights, and long hot days result in wines that are highly concentrated in color, aromas and flavors with a unique fruity character.

### VARIETY:

100% Cabernet Sauvignon

### HARVEST:

Last week of March

### WINEMAKING:

The winemaker's goal is to optimize the expression of the dual climate in Cafayate – hot days and cool nights. The effect of this wide thermal amplitude has on the grapes is to give them higher concentration of fruit, color and balance. The grapes are vinified separately and aged for 15 months in both American and French oak barrels.

### TASTING NOTES

Ruby red, dark and intense with tiled edges.

Spicy where red pepper and paprika outstand. The oak adds smoky and tobacco notes. Persistent aromas.

Elegant tasting, sophisticated and complex, well balanced with a mouth full of ripe tannins. Black berries, morello cherry and pepper notes stand out.

### ANALITICAL DATA

Alcohol	Residual sugar	Acidity	PH
14 % alc/vol	2,80 grs. / lt.	6,15 grs. /lt.	3.70
